1,	vehicles going that same speed?	1	happened to it. I don't remember exactly	
2	A. I have no idea. The one I	2	what.	
_	was in was traveling about that rate. I	3	Q. Was it two cars in front of	
	don't know what the other two were doing.	1 4	y'all and one in back?	ľ
1	Q. Well, did the others get		A. After he sent the other one	
5	there about the same time y'all did?		back, yes. It started out with four cars	
1			in front. I mean, two cars in front and	
7	A. Yeah. Everybody got there		s two cars in back and then our car.	
1	about the same time.	1 '	Q. Okay. So then they had a	
9	Q. Does that lead you to	į ·	tail and	
	believe that they probably more or less	.		1
11	were going about the same average speed?	I	until something happened. I don't know	Time.
12	A. Probably.		3 what happened with one of the cars. But	
13	Q. Okay. Now, let's talk about		4 then we had two and one.	1.3
14	this job when the accident occurred.	1		
15	What was the mission? Or	1		*
16	what was this particular job going to be?		6 first trip that you went on with Ronnie	
17	A. Well, we were going up to	1	7 Wood?	
18	I don't even remember the place now. I	1	8 A. Yes.	
19	just remember it was on the Jordan border.		Q. Had you known him since you	
20	We had a base up there, or	2	0 came in country?	
21	DYNCORP had a base up there. And they		1 A. He got there a little bit	
	were having problems with the base		2 after I did. I think I was there maybe	
	station.	2	3 two weeks to a month before he got there.	
-	Pa	age 138		Page 140
١,	So we were going up to	_	1 He came in after that.	;
1	actually just redo the thing where we put		2 O. Was this a CODAN radio	
	up another antennae. And we got it		3 station that y'all were putting in?	
			4 A. HF radio. That's right.	•
4	working. It was already preprogrammed		5 Q. Is that how you pronounce	
	before we got there. And our job was just	İ	6 it? CODAN?	
6	to install it or whatever you want to say			
7	about that.	1	4 4 4 1 1 4 11 AL-L	
8	Q. Does Trebil ring a bell?		-	
9	A. That sounds about right.		9 outlying base to communicate with the	
10	•		10 control centers?	
11	A. That sounds about right.	I	A. Yeah. That CODAN, that HF	
12			12 radio, would reach from where we were	
13	vehicles were in this particular trip?		13 we were north of Fallujah, which we were	
14	A. Started off with about five,		14 about four hours away from Baghdad, and it	· · ·
15	I think. We had two of those cars in	1	15 could reach the Baghdad Hotel.	Ú.
	front and two of them in back.		Actually, I made contact with	
17	Tiller and the errors		17 the Baghdad Hotel before we left. I had	
	there one had some type of problem, and he		18 to do that and make sure it was operating	
10	sent it back to Baghdad. That's what it		19 properly before I left. And it was	
112	seems like.]	20 operating.	
20	So eventually it was just		Q. Are you aware of what	
20 21			Q. Are you aware of what DYNCORP was using that radio for? What	
20 21 22	So eventually it was just four cars I think after the other one needed something done to it. Something

1	A. Just as far as I know basic	1	A. Yes.	
2	security stuff. You know, if anything		Q. Was this security detail as	İ
1	went on, they needed to raise somebody,	1:	3 far as the logistics and mechanics of it,	
	that's what they used it for.	4	was it essentially made up the way these	- 1
5	It's not like a regular		security details or convoys had been for	-
6	police band radio, but, you know, for the		6 Tikrit and Mosul?	
	region and for what it was for, you know,		A. Pretty much. Except like	
8	because you're so far out or they were so		8 when we went to Tikrit and Mosul, we used	
9	far out sometimes, they needed something	9	what they call the PSD, which were	
10	to be able to reach the bases or wherever	10	whoever like in some instances, like	
11	they were.	1.	some South Africans had a PSD, which is	
12	Say like, you know, if they	1:	2 personal security detail.	
13	were in Trebil, they need to reach	1:	There were there were	Ę.
14	somebody in Trebil. Or either they could	1.	4 certain groups that took certain people.	
15	even reach Baghdad if they needed to.	1:	Now, if you went anywhere,	ز
16	So they used them for		6 you always had to have some kind of	
17	day-to-day operations as far as I know.		7 security. But to go to Tikrit, we used	
18	Q. Could that radio, was it	1	8 the PSD teams. I don't know why, but we	
19	tuned with military frequencies as well as	1:	9 did.	
20	DYNCORP's frequency?	2		
21	 A. To my knowledge, it didn't 	2	1 a PSD team that	
22	have any military frequencies. I don't	2	2 3	
23	think he were even allowed to get on the	2	were part of a PSD team, but they took	·

1	1	was in the right - right area, blocking,	1	A. I don't understand the question.
	2	you know, screening traffic, you know,	2	Q. I mean, did they take you out
l	3	checking checking badges, different	3	you said they taught you about what I'd
١	4	people that were coming in and out of the	4	call bigger vehicles, the buses, the
1	5	areas.	5	five-ton vehicles, carriers. Did they
1	6	Q. Did your job, either for the	6	ever work with you also on driving cars
	7	Atlanta Braves or in the military,	7	that were the size of SUVs or passenger
١	8	involve you driving people places?	8	cars or that kind of vehicle?
1	9	A. Yes, ma'am.	9	A. Yes, ma'am. They would have
ŀ	10	Q. Okay. And when would that be?	10	been HUMVs at the time.
١	11	A. Not with the Atlanta Braves.	11	Q. All right. And what did they
١	12	Q. Okay. But with the military?	12	teach you about HUMVs?
	13	A. Yes, ma'am.	13	A. The same. Different driving
	14	Q. And when would you drive people	14	ratios, speeds, different obstacles that,
	15	places?	15	you know, you'd drive around and over
	16	A. Whenever they needed to go to	16	things like that nature.
	17	different sites, depending on what job	17	Q. Did they do any training with
	18	task we were tasked to do.	18	you on high speed driving?
	19	Q. Did you get any driving	19	A. No, ma'am.
	20	training?	20	Q. Any training on evasive
	21	A. Yes, ma'am.	21	maneuvers?
	22	Q. And what was that?	22	A. Yes, ma'am.
•	23	A. From the motor from the Motor	23	Q. Okay. What did they tell you
		Page 58		Page 60
	1	Vehicle Division.	1	about evasive maneuver?
	2	Q. Uh-huh.	2	A. How to avoid, you know,
	3	A. Teach you how to drive buses,	3	different obstacles that would be that
	4	five-ton vehicles, carriers.	4	would be you would see in the road or
	5	Q. Carriers?	5	that would be placed on the side of the
	6	A. Yes, ma'am.	6	road, things of that nature.
	7	Q. What are carriers?	7	 Q. And what did they tell you about
	8	A. More buses. Anything with eight	8	avoiding obstacles that you would see in
	9	or more passengers.	9	the road?
	10	Q. What did they teach you about	10	 A. Depending on the speed ratio
	11	driving with the buses and the vehicles	11	whether or not, you know, it was
	12	and the carriers?	12	something that you could go over or
	13	A. Proper speeds, different turn	13	something that you could go through or to
	14	ratios. How to park.	14	that nature.
	1 -	Q. And when you say "proper	15	Q. All right. What is speed ratio?
	15	Q. And when you say proper	1	
	15 16	speeds," what did that mean?	16	A. Speed ratio is determining the
	3		16 17	width and distance from the obstacle,
	16	speeds," what did that mean?		<u> </u>
	16 17	speeds," what did that mean? A. Noticing the speed limits and	17 18 19	width and distance from the obstacle, whether you speed up or slow down to that nature.
	16 17 18	speeds," what did that mean? A. Noticing the speed limits and everything, obeying all traffic signs and	17 18	width and distance from the obstacle, whether you speed up or slow down to that nature. MR. HOLMAN: Did you say width?
	16 17 18 19	speeds," what did that mean? A. Noticing the speed limits and everything, obeying all traffic signs and things like that when you're on post.	17 18 19 20 21	width and distance from the obstacle, whether you speed up or slow down to that nature.
	16 17 18 19 20	speeds," what did that mean? A. Noticing the speed limits and everything, obeying all traffic signs and things like that when you're on post. Q. Okay. Did you get any training	17 18 19 20 21 22	width and distance from the obstacle, whether you speed up or slow down to that nature. MR. HOLMAN: Did you say width? THE WITNESS: Width and distance.
	16 17 18 19 20 21	speeds," what did that mean? A. Noticing the speed limits and everything, obeying all traffic signs and things like that when you're on post. Q. Okay. Mr. McCants, are you ready? A. Yes, ma'am. Q. We were going over, depending on

18 (Pages 69 to 72)

	Page 73		Page 75
1	vehicles. And you were telling me the	1	would come back, give us a report of
2	order they went it. And we had gone	2	there's a group of vehicles that's been
3	through the first vehicle is the	3	parked in this location for two hours.
4	observation vehicle, the second vehicle	4	Q. Uh-huh.
5	is the lead vehicle, the third vehicle is	5	A. It hasn't moved.
6	the limo, which is the vehicle carrying	6	Q. Uh-huh.
7	the clients, the fourth and fifth	7	A. People standing by.
8	vehicles are observations vehicles. And	8	Q. Uh-huh.
9	then what is the sixth vehicle?	9	A. So, you still have to go through
10	A. The sixth vehicle would be the	10	that area. That tells you right there
11	gunship.	11	whether you're going to try to avoid that
12	MR. HOLMAN: Gun what?	12	area or whether you're going to speed up
13	THE WITNESS: Gunship.	13	when you're going through that area,
14	Q. (By Ms. Eady) And how are these	14	different blocking techniques that you'll
15	vehicles supposed to travel through the	15	use to go through that area.
16	country? Is there designated roads? Are	16	Q. Okay. What are the different
17	there designated speeds they have to go	17	threat levels? In the United States,
18	at? Are there places they're supposed to	18	we've had the different colors
19	stop, places they're not supposed to	19	A. Yes, ma'am.
20	stop, areas they're supposed to avoid,	20	Q for a while. Is it pegged to
21	that kind of thing?	21	that, or how do they designate threat
22	MR. HOLMAN: Nancy, I'm going to	22	levels in Iraq or did they do it at the
23	object to the form of the question that	23	time you were there?
	Page 74		Page 76
1	you've asked a tremendous number of	1	A. Yes, ma'am, they did. The
2	questions all in one question.	2	different threat levels were yellow would
3	Q. (By Ms. Eady) Right. I'm just	3	have been caution. Green would have
4	trying to get a feel for how these	4	been it's a fairly good road to
5	vehicles are supposed to move.	5	travel. Red would have been there's
6	MR. HOLMAN: It's hard to tell	6	danger your whole trip. Just be on high
7	what you're trying to find out	7	alert the whole trip.
8	THE WITNESS: First question.	8	Q. All right. So, if it's a green
9	Q. (By Ms. Eady) When you've got	9	day, what speeds do you go at?
10	six vehicles going in a row from Baghdad	10	A. A green day, depending on I
11	to one of the perimeter bases, first of	11	mean, it could be
12	all, how fast are they supposed to go?	12	Q. Give me a range.
13	A. It depends on the threat level	13	A. I don't really know how to
14	of that day.	14	answer that question because just I
15	Q. All right.	15	mean, it could be a green day, but as
16	A. You would know before you leave	16	soon as you get outside the gate, then in
17	base how, you know, the severity of the	17	less than five or ten minutes, it could
18	situation that's going to happen that	18	completely change.
19	day. You've already got your intel	19	Q. Say the route was green the
	reports. You've already had your	20	whole way, what speeds would you go at?
	reports. Touve aneaty had your		
20 21	lookout vehicle went out and did	21	
20		21 22	A. The route was green the whole way, maybe — on average maybe 65 to 70K

19 (Pages 73 to 76)

5

18

Page 81

A. Having cars blown up next to me 1 or not having cars blown up next to me? 2

Q. Not during a fire fight, not 3

having cars blown up. 5

6

A. Inside Baghdad?

Q. Outside Baghdad.

A. Outside Baghdad. Depending on 7 the area.

Q. Tell me the differences in the 9 areas and the speeds that you'd go at as 10 you went through them.

A. Ramadi and Fallujah were always considered red areas. From the Baghdad airport to Gate 12 was always considered 15 a red area.

16 Q. Okay.

A. Going to Babylon, Hilla, Kirkuk, 17

18 Irbil, Turkey.

Q. And what speeds did you go to 19 those at is what I'm trying to get at. 20

A. If everything was normal during 21

that -- during that period that you were

driving, 80 -- 70, 80K. 23

Page 83

increase speed, depending on your

location and your surroundings up to 130

to 140K; was that correct? 3

A. Yes, ma'am. 4

Q. All right. And then you said if

things were -- things became heated, 6

you'd do whatever you could to get out of 7

there. What makes things become heated? 8

A. Car bombs, IEDs. 9

Q. Is this the suspicion that 10

11 they're there, or this there's actually

been one that goes off? 12

A. The intel that you're getting at 13 the time that you're moving through that 14 15

Q. And do you get that intel on 16

like radio phones or something? 17

A. Yes, ma'am.

Q. How far apart are the vehicles 19

20 supposed to be as they travel? Or is

there a set distance the vehicles are 21

supposed to be apart from each other? 22 23

A. No, ma'am.

Page 82

Q. All right. 1

A. If things got --2

Q. Abnormal?

3 A. -- abnormal, you increased

speed, depending on, you know, the 5

location and your surroundings to 120, 6 7 130K.

8 If things became heated, you

would increase speeds to whatever it took 9 10 to get out of that situation.

O. All right. And what kind of 11

situations make for a heated -- what kind

of circumstances make for a heated 13

situation? 14

 Repeat the question, please. 15

Q. You said if things got heated --16

17 well, first of all, you said, if things

were normal in a red area, you'd go on an 18

average 70 to 80K. Then you said if 19

things got abnormal, you would increase 20

speed, depending on the location and your 21

surroundings as needed. And you said if

things got heated -- well abnormal,

Page 84

Q. Can they be very strung out, or are they supposed to be kind of close 2

3 together?

A. Depends on the severity of the 4

.5 situation, the traffic, your surroundings. 6

Q. The limo driver, is he supposed 7

to pay -- is he supposed to be aware of 8 his surroundings, or is he supposed to 9

10 just pay particular attention to

11 something?

A. Everybody is supposed to be 12

13 aware of their surroundings.

Q. Where do you get the -- is the 14 15 intelligence information that's provided

16 to you before you leave -- when you get

ready to leave on a mission, you said you 17

would get intelligence; correct? 18

19 A. Yes, ma'am.

Q. Was that provided to you in the 20

form of an oral or a written briefing? 21

22 A. Both.

23 O. Both oral and written. And who

21 (Pages 81 to 84)

Page 109

vehicle. Told us, you know, to go to 2

3

So, when we approached the vehicles, the second -- upon approaching

the truck stop, the second vehicle 5

proceeded through. I shifted over to the

7 center lane.

9

When I passed the first three trucks, there was something -- a black

10 object that came out into the road. I

11 moved -- I pulled my steering wheel to

the left. When I pulled my steering wheel to the left, my back wheels -- my

14 left front wheel and my back wheel caught the gravel on the side of the road. I

15 16 immediately pulled my wheel back over and

tried to guide the truck back to the 17

right center lane. 18

On guiding my truck back to the 19

20 right center lane, my back tires

caught -- both tires caught the gravel, and it flipped into the center median

into oncoming traffic and then down into

Page 111

Q. Was this the security team in 1

the second vehicle or the vehicle behind 2

y'all, or is it everybody?

A. The third -- it would have been 4 everybody. The third vehicle. I'm 5

6 sorry.

7

O. The fourth --

A. The fourth and fifth vehicle.

8 Yes, ma'am, the fourth and fifth vehicle 9

had already set up the first security. 10

The second vehicle had turned 11 and came back. The first vehicle -- the 12

second vehicle had radioed to the first

to come back. 14

So, at this time while they're 15 16 continuing to set up the security all the

way around, I initially -- me and -- I 17 put my shoulder back in place. Me and 18

Greenlee first pulled Emir out of the 19

vehicle first. 20

21 Q. Right.

A. Got him over to the security 22

23 vehicle, which was the Peugeot. Put him

Page 110

the embankment on the left-hand side of

the road, landing on all four wheels. 2

Q. What happened next? 3

A. Immediately after that, once the car landed, I did my first observation

check to find out if everyone was okay. 6

Q. Right.

7

A. At that point, I had just 8

dislocated by left shoulder. My 9

assistant driver and shooter had 10

11 dislocated his right shoulder. Emir had

12 a couple of scrapes and bruises. Robert 13 had additional scrapes and bruises. He

14 was confused. And Johnny said he was --

15 he was hurting, but, you know, nothing

you could observe at the time. 16 Q. Uh-huh. 17

A. I immediately got out -- got out 18

of the vehicle. The security team -- at

20 this time, the Iraqi inquiry security 21 team had already set up a 380, which

22 is -- I'm sorry. A 360, which is secure

the whole circle full circle.

Page 112

to the side.

3

7

11

Q. It was a Peugeot? 2

A. Yes, ma'am.

Q. Okay. What vehicle were y'all 4

5 in that day? 6

A. A black Expedition, Ford.

Q. Okay. I'm sorry. Go ahead.

A. At that time, Robert had got out 8 of the truck, so we pulled him and put

9 10 him over to the security vehicle as well.

At this time, Johnny had stated -- he said his leg was -- he 12

thought his leg was broken. And he

was -- he was trapped in the vehicle. 14 15

O. Uh-huh.

 We broke the front seat, pulled 16

him out because from where the seat was, 17

it was already broken. So, we pushed it

up and pulled him out of the back of the 19

vehicle, me and Greenlee. 20

Q. Okay. 21

A. Placed him over with the 22

23 security vehicle as well. At this time,

28 (Pages 109 to 112)
